Certifications

- MERN STACK DEVELOPMENT, Broadway Infosys   12th Feb 2023 - 12th May 2023
- WEB DEVELOPMENT BOOTCAMP, Niraksa Company Pvt limited   Oct 2023 - Dec 2023

Experience

CodSoft Intern (Web Development Intern)   20th Oct- 20th Nov 2023

- Successfully completed a 4-week virtual internship program, gaining hands-on experience in web development.
- Developed full-stack web applications including an E-commerce platform and a robust Project Management tool.

Projects

E-Commerce website | MERN

- Developed a full-stack e-commerce platform with the MERN stack, implementing JWT-based authentication, offering product browsing, search, categorization, and secure checkout. Ensured secure user signup/login with bcrypt.
- Created a responsive frontend using React.js, with RESTful API endpoints in Express.js and MongoDB for data storage. Added a commenting system to encourage user interaction and engagement. **GitHub Link**

Online job portal | MERN

- Developed a full-stack online job portal with the MERN stack, implementing JWT-based authentication, enabling users to view top jobs and search by category or company. Ensured secure user signup/login with bcrypt.
- Created a responsive frontend using React.js, with RESTful API endpoints in Express.js and MongoDB for data storage. Added a commenting system to encourage user interaction and engagement. **GitHub Link**

Food order website | MERN

- Developed a full-stack food order website with the MERN stack, implementing JWT-based authentication, featuring menu browsing, search, and easy checkout. Ensured secure user signup/login with bcrypt.
- Created a responsive frontend using React.js, with RESTful API endpoints in Express.js and MongoDB for data storage. Added a commenting system to encourage user interaction and engagement. **GitHub Link**

Portfolio website | HTML, CSS, JavaScript

- Developed a professional portfolio website showcasing skills and projects using HTML, CSS, and JavaScript.
- Implemented responsive design for optimal viewing across different devices.
- Integrated interactive elements to enhance user experience. **GitHub Link**

Todo-notes | JavaScript

- Developed a functional todo-notes application using JavaScript for task creation, editing, and deletion.
- Implemented features for task prioritization, due dates, and completion status.
- Utilized local storage for persistent data management. **GitHub Link**

E-learning website | React

- Constructed a React-based learning platform interface, enabling seamless course navigation and user engagement.
- Implemented responsive design for optimal viewing across different devices.
- Integrated interactive elements to enhance user experience. **GitHub Link**
